AVOIDED

Post-storm surge pricing never applies to roster firms

One signature now beats twenty calls after landfall. The roster locks your inspection rates and your response window before the first storm forms, with insurance paperwork already on file, so nothing slows your claims down in week one.

WHAT YOUR FIRM GETS

- **Scheduled first.** After a named storm, roster firms book ahead of all other requests, in signup order.
- **Rates locked through Nov 30.** The table on this page is your price, storm or no storm. Non-roster post-storm work runs 1.5x.
- **COI already on file.** \$1M liability, issued per claim on request. Vendor setup never delays a file.
- **Direct dispatch.** The Chief Pilot's cell and WhatsApp, no call centers. Text an address list, get confirmed slots the same day.
- **Claim-ready evidence in 24 to 48 hours.** Annotated photos, radiometric thermal for hidden moisture, bilingual EN/ES reports built for the claim file.

LOCKED 2026 ROSTER RATES

Inspection	Rate	Report
Residential roof, visual	\$250-350	24-48 h
Residential visual + thermal	\$400-550	48-72 h
Commercial roof / building	from \$500	3-5 d
Supplement / re-inspection	\$150-200	24 h
Multi-property, one trip	15-20% off	per scope

Locked through Nov 30, 2026. Roster members pay these rates always; everyone else pays 1.5x after a storm.

Roster placement is a scheduling preference and rate lock, not a services contract; each inspection is confirmed by a per-job site authorization and work order. Sign and return by email or photo, or call and we complete it for you.
